

Foster's Community Grants tips and recommendations

Thank you for commencing an application to Foster's Community Grants. Our evaluation process will commence at the close of the funding round on 6 July. As we receive a high number of applications it is necessary for you to complete a standardised application form. This allows us to complete a more efficient and effective review of all grant requests. In that respect, we have certain minimum requirements that need to be met. We hope you find the application a straight forward way of presenting your project.

Minimum requirements

- Denotes a compulsory field. The application form cannot be submitted unless an entry is made in each of these fields.
- Please ensure your organisation and project meets our Selection Criteria.
- Please ensure you accept our Terms and Conditions and Privacy Policy.
- Please ensure you have a budget to attach to the application form.

Recommendations

- Please ensure your response to each question is concise, as text boxes have a limit on characters.
- Please save your application at least every 15 mins as you work. Some internet browsers may time out after 20minutes.
- **Please ensure you record your reference number.** (This is provided after the submission is saved or submitted). You will need this to re-enter your application and for verification reasons throughout the process.

The Foster's Community Grants Advisory Committee will meet to consider granting recommendation in early October. All organisations will be contacted in writing following that meeting. If necessary, we will contact you during the evaluation process.

If you experience any issues with your application, please email us at inthecommunity@fostersgroup.com
